SMALL NOTES.

It is impossible to please the Democracy. Here we have the *World* complaining of the personalities which mark the present canvass. Having exhausted the vocabulary in defaming Grant, in obedience to the command of Mr. Seymour it "pushed the Debt and Taxation." Now that the Republican press have exhibited unusual energy in furthering this object, the *World* objects to singling out these subjects to the forgetfulness of others. Tell us what you want "pushed" next, gentlemen, and, if it is in our power to accommodate you, we will do it with all our might. How can we please you? Have you heard from Maine?

According to the Memphis *Avalanche*, everything is lovely in that region. At a Seymour and Blair ratification meeting held at Augusta on the 29th ult.,

[illegible]

No wonder Poor Pike couldn't stand the pressure. Pike and J. T. Hoffman ought to go into partnership, and get up a reaction, else there is no telling where this thing will stop.

Will the Democrats have the kindness to send, in the following order, Messrs. Pendleton, Tom Ewing, Perrin, Meany and O'Gorman into Pennsylvania? The manner in which these gentlemen assisted the Republicans in getting out a full vote in Maine warrants the belief that they might accomplish a similar result here. Do send them!

The citizens of Berks county are discussing the propriety of committing hari-kari. They hold fifteen millions of Government bonds, consequently they are seriously inclined to refrain from voting for General Jackson this fall. They regard their pockets pretty much as a Japanese official regards his towels, and they fairly worship General Jackson, so that it really seems as though it were impossible to avoid hari-kari let them decide as they will.

Jeremiah S. Black excels occasionally in satire. In a recent jeremiade delivered at York he said of Frank Blair, "Whenever he went upon duty he always wore two uniforms—the uniform coat of a soldier and the uniform conduct of a gentleman." [illegible]

ADDITIONAL ELECTION RETURNS.

Majority Upwards of 20,000.

AUGUSTA, ME., September 15.—Returns from 290 towns, embracing more than four-fifths of the entire vote of the State, give Chamberlain 63,148, Pillsbury 41,650. The same towns last year gave Chamberlain 46,567, Pillsbury 37,423. The Republican majority this year is 18,498, last year 9,144. The towns yet to be heard from gave last year, Chamberlain 11,184, Pillsbury 8,204. Should the same ratio of relative increase be obtained in these with those already reported, their vote would be, Chamberlain 14,919, Pillsbury 10,254, which would give a total vote of 132,900, of which Chamberlain would have 78,160 and Pillsbury 54,800, giving Chamberlain a majority of 23,300. It is not believed, however, that the towns to be heard from will maintain the ratio of increase exhibited in those that are reported.

Judge Rice and other leading Democrats here claim 55,000 votes for Pillsbury, but concede the same relative increase to Chamberlain.

Mr. Blaine, Chairman of the Republican State Committee, has only claimed 20,000 majority, asserting that Chamberlain's vote would go as far above 70,000 as Pillsbury's would exceed 50,000. Mr. Blaine's canvass of the State was most thorough, and his figures have thus far proven very accurate and reliable.

GLORIFICATION AT VAN WERT, O.

Special Dispatch to the Pittsburgh Commercial.

VAN WERT, O., September 15, 1868.

Van Wert is beautifully illuminated to-night in honor of the glorious victory in Maine. The cannon was brought into requisition, whose victorious notes soon brought together on the public square a large and enthusiastic crowd of people. Three rousing cheers were given with a will for the glorious old Pine Tree State, and the same for Grant and Colfax. Col. Alexander then addressed the crowd in a few appropriate and well-timed remarks. He was followed by H. C. Glenn and Gaylord Saltzgaber in their happiest vein. The meeting dispersed amid long and continued cheers.

He will speak here to-morrow night. Chas. D. Drake, United States Senator from this State, delivered his opening speech in this canvass at Mercantile Library Hall to-night, to a very large audience. Albert Pike will address the Democracy to-morrow night at Tammany Hall.

DISTRESSING CASUALTY.

Three Boys Drowned in the Monongahela—Narrow Escapes from Drowning.

A most distressing accident occurred at the south end of the Monongahela bridge, yesterday forenoon, about half-past nine o'clock, resulting in the drowning of three boys named Alexander Neely, William Pare and —— Shuster. The circumstances of the affair are these: The boys were all employed in Mellinger's box factory, South Pittsburgh, and the mill being idle they were engaged during the morning in playing along the river bank. About nine o'clock they procured a little skiff, or flat, and getting some pieces of boards for oars, launched their little bark a few hundred yards above the bridge. The Monongahela, at this point, has a very sluggish current when the water is low, but when a freshet comes it is very rapid and dangerous. The present rise being principally from the Monongahela, the current is unusually swift, and it is difficult for good oarsmen to make headway against the stream. The boys, after paddling about for a few minutes, were caught in the current and hurried irresistibly down towards the bridge. The space between the first and second piers is wholly occupied by empty coal barges, which have been moored abreast at this point. A man on shore, perceiving the imminent danger of the boys, hallooed to them to pull ashore. They made an effort to do so, but in a few moments they discovered that they could not make the landing, and abandoned the effort. Fear stricken, they dropped their rude oars, threw up their arms in agony, and screaming vainly for help, awaited their doom. In a moment more their little boat struck against the "rake" of one of the barges, causing it to capsize. Then followed a splash in the water, a few spasmodic screams, and all was still. The skiff passed under three of the barges, lengthwise, a distance of about three hundred and fifty feet, shot out from the stern of the lower barge, bottom up, and floated rapidly away. The boys were not seen again, as strangulation must have followed, and the bodies sank before they emerged from under the barges.

Intelligence of the casualty was soon after conveyed to the parents of the deceased, and the fathers of the boys, all of whom reside in the neighborhood, came down to the river shore, and set some men to work with grappling hooks searching for the bodies, but without avail, as the current was so swift that it was thought useless to continue the search, which was suspended about noon.

Young Neely was a son of Thomas Neely, teamster, of South Pittsburgh, and was about fourteen years of age. Pare was about the same age, and son of William Pare, carpenter, of Mount Washington. Shuster was a son of a German, also residing in Mount Washington, and was twelve years of age. These boys all belong to very worthy and respectable families, who command the sympathy of the entire neighborhood in their sad bereavement.

Two accidents, which came near proving fatal, occurred at this same place on Monday afternoon. The first happened to a lad named Wm. Monteer, who was carried down the stream on a small raft, and would undoubtedly have been drowned but for the providential circumstance that a large rope, used for mooring one of the barges, hung so near to the water that he was able to snatch it as he passed, just in time to save himself from going under the barge. He hung here for ten or fifteen minutes, as all the skiffs in the vicinity were locked, and when succor reached him his strength was almost exhausted. This happened at one o'clock in the afternoon. The same evening, about five o'clock, a German who had been at work securing some logs at the mill above the bridge, floated off on a log, and would have perished had it not been for that same rope. With greater strength, however, than that possessed by young Monteer, he was able to pull himself up into the barge, and thus escaped.

Attempted Burglary on Liberty Street—Arrest of the Burglar.

Last evening about ten o'clock, a man who refuses to give his name was arrested for burglariously entering the leather store of Hays & Stuart, on Liberty street near Ferry. It appears that the burglar obtained access to the store by means of some false keys, and commenced looking about. A young man who was in the store, took a revolver and fired two shots at him. The noise attracted officers McDonough and McGinnis, and as soon as they entered the store the burglar attempted to escape through the back door, which was barred. He fought desperately, striking at officer McDonough with the iron bar; but he was finally overpowered and taken to the lock-up. In his pocket was found a number of false keys, among them one identified by Mr. Phase, who keeps a store on the opposite side of the street, as belonging to him. The burglar was arrested and taken to the lock-up. He refuses to give his name.

THE MAINE ELECTION AND THE VICTORY.

ONE month ago the Democrats talked confidently of carrying Maine at the September election, and went into the canvass determined to win at whatever cost. [illegible]

The Boston *Post* correspondent as late as Saturday, indulged in a similar strain of confidence. [illegible]

Both parties miscalculated. [illegible]

"EQUAL TAXATION."

As the real meaning of that popular catch-word of the Democracy "equal taxation" begins to dawn upon the minds of intelligent mechanics and husbandmen, the enthusiasm which caught up the cry is gradually diminishing. [illegible]

In addition to this, both the mechanic and husbandman will be compelled to pay a larger price for every taxable article they obtain from the merchant, [illegible]

SPEECH OF W. C. MORELAND, ESQ.

Delivered at a Mass Meeting in the Fifteenth Ward, Monday Evening, September 14th, 1868.

[illegible]

GENERAL AND PARTICULAR.

Callao has been subjected to tremendous calamities. On the night of the 13th, while the population were alarmed on one hand by a repetition of the earthquakes, and on the other by inundation, a fire broke out in the principal hotel of the city, which obtained such great headway as to threaten the total destruction of the city. Sixty buildings were destroyed in the space of three hours. Fortunately, however, the wind favored the efforts of the terrified inhabitants, and the fire was subdued.

If Horticultural exhibitions are not a success in Ohio it is not for lack of spirit and enterprise. We observe among the list of premiums offered at the approaching annual exhibition of the Horticultural Society $500 prizes for wine and grapes alone.

It is stated that the naturalization bill was passed by the last General Assembly of Connecticut was mutilated in the office of the Secretary of State. The clause prohibiting aliens from being admitted to citizenship before any city court was stricken out. [illegible] The bill as published in the newspapers at the time it passed was correct. Govern English and Secretary Poore will find it a difficult matter to explain the mutilation of the bill.

The northern portion of New York has been subject to extraordinary freshets. At Whitehall, Utica, and Albany the damage occasioned on the 13th was immense. Railroad tracks, culverts and bridges were swept away in a few hours. The Champlain Canal sustained damages which it is thought it will take two weeks to repair.

Lieut. M. F. Maury, formerly of the United States Navy, more recently advocate of the collapsed Confederacy, was formally installed Professor of Physics of the Virginia Military Institute on the 10th inst. [illegible]

[illegible]

COULD anything be milder, in the true Democratic sense, than the following extract from Toombs's speech at Cedartown, Georgia?

[illegible]

How much better that sounds now than if it read, "including in its organization upwards of ninety red-handed traitors, who hitherto exhausted their devilish arts in the futile effort to overthrow the government!"

The Celebrated Walter Grape.

After twenty-five years experience with the present tender and late varieties we know the Walter, now first offered, will restore confidence in Grape raising. It never rots. Its abundant sugar ripens it in-doors or on the vine if cut early in the fall. It is very compact in cluster and has 146 clusters of bloom; is very compact in cluster at the East, which is in advantage in marketing. We have not known the foliage to mildew. It succeeds in dry and wet soil. Is a seedling of the Delaware, crossed with the Diana, and better than either. Ripens before the Hartford, therefore, the earliest, hardiest and best variety. No. 1, one year, $5 each, in advance. Orders filled in rotation, while supply lasts. No charge for packing. Send stamp for beautiful cut and opinions of many growers.

This Company, National in its character, offers, by reason of its Large Capital, Low Rates of Premium and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium, being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy-Holders.

Several new and attractive tables are now presented which need only to be understood to prove acceptable to the public, such as the INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a Life Insurance, payable at death, but will receive, if living, after a period of a few years, *an annual income equal to ten per cent.* (10 *per cent.*) *of the par of his policy.* In the latter, the Company agrees *to return to the assured the total amount of money he has paid in, in addition to the amount of his policy.*

The attention of persons contemplating insuring their lives or increasing the amount of insurance they already have, is called to the special advantages offered by the National Life Insurance Company.

Circulars, Pamphlets and full particulars given on application to the Branch Office of the Company in Philadelphia, or to its General Agents.

LOCAL AGENTS ARE WANTED in every City and Town; and applications from competent parties for such agencies, with suitable indorsement, should be addressed TO THE COMPANY'S GENERAL AGENTS ONLY, in their respective districts.

LIPPINCOTT & BAKEWELL PATENT GROUND TEMPERED WARRANTED CAST STEEL SAW

And Your Mill will do Good Work

Our Saws are Oil Tempered, Patent Ground, made to Run well.

If you will find each Saw of one Temper and Hard and Soft Spots in the same Saw.

We accomplish this by our Patent Tempering Process, and you can not get this from any other Saw Maker, as we own the Patents for the United States.

We do not claim to make a cheaper Saw than any one else, but one that will run at the word go, and will give no trouble, and will keep round longer, because being uniform with Temper, it will not wear on one side faster than the other.

We invite correspondence, or an interview with the practical man of your firm.

Benefits of Life Insurance.

We have somewhere read the statement of premiums paid out in one year by a first-class life insurance company. It was a suggestive and interesting table. There were persons in all classes of life, and from every part of the country. There was the poor man, whose scanty earnings only permitted him to pay for a policy of five hundred dollars. Well, death came to him, and, instead of the almshouse for his little ones, there was something with which to clothe the babies and send the oldest boy to school. There was the seamstress who had saved enough to insure a thousand dollars for the poor old mother. She dropped into the grave—killed by hard work, we presume, but she left something behind to lighten the dark and declining years of the one she most dearly loved. There was the young business man who took a little portion of his profits and secured an insurance of $5,000. [illegible] Especially is this so, when we have a company like the NATIONAL LIFE INSURANCE COMPANY, whose advertisement is elsewhere published. [illegible]

WHEREAS, By an Act of Assembly, approved March 5, 1858, the Western Pennsylvania Hospital was authorized and empowered by and with the consent of the Councils of the city of Pittsburgh, to convey by pipes and conduits from the Upper Reservoir of said city, a sufficient supply of water for the uses of said Hospital, and to lay down, and maintain in repair said pipes and conduits; and by ordinance of Councils passed July 26, 1858, the Councils of said city granted to the said Western Pennsylvania Hospital the right and privilege to convey by pipes and conduits from the Upper Basin of said city to the said Hospital a sufficient supply of water for the use of the Hospital, in the manner and under the restrictions and regulations as set forth in the said Act of Assembly.

Provided that the supply of water to said Hospital shall be in no manner diminished, and the same shall be furnished to said Hospital free of charge.

And provided further, that the provisions of this ordinance shall take effect whenever the managers of said Hospital shall signify their approval, and consent to the same.
